Reminders:

- 1) We ask that you do not work on Wednesday unless it is before 7:30 A.M. Please take special care to see that the tabernacle light is filled and the small votive candles before Wednesday Adoration.
- 2) Live flowers in the church and in the narthex normally need watered 2-3 times each week (depends on the flowers and time of year) but, before you water them stick your finger in the soil to feel if they need it or not. Easter lilies need the dead flowers broken off and when the new blooms appear, please pull the tiny yellow centers out of the the white lily (this procedure prolongs their blooming time) When there are cactus for decorations (normally during lent) PLEASE, do not water cactus.
- 3) The area under the shelf in the sacristy is your work area. Please keep it clean and orderly and work on the plastic covering only. If you need supplies or have any comments, there is a clipboard for you to communicate with each other and the head sacristan. There is a light switch for the hallway light between the sacristies located in Father's sacristy. Extra supplies can also be found in the closet & cupboard in the narthex.

The Church will now be open from 7AM to 7 PM

Please use the Sacristan Checklist on the clipboard to make sure all duties are completed.

Thank you for all you do in this ministry!!
